High-Density Overhead Storage Systems

ITEM # _____

PROJECT _____

Maximize your limited space and reduce your inventory costs with an overhead high-density mobile storage system.

- **Maximize Storage:** Increase storage capacity by 40% or more without adding additional floor space.
- **Versatile:** Shelving is offered in a variety of widths and lengths and can be adjusted in 1" increments. Wire and solid shelving available.
- **Accessibility:** Provides quick and easy access to all stored products by moving the active aisle to desired location.
- **Load Capacity:** Stationary end units hold up to 2,000 lbs. Mobile units hold up to 1,000 lbs
- **Assembly:** Quick and easy to assemble. Requires no drilling or bolting to the floor.
- **Improved Organization:** Open-wire construction allows for quick and easy identification of stored goods and permits air circulation, reducing dirt and dust build-up.
