Starter Units

ITEM # _____

PROJECT _____

Durable and strong, IRSG wire starter units are available in a variety of sizes and finishes. With carbon steel construction, a multiple truss design, easy assembly, and a versatile selection of accessories, there's no better choice for your shelving system. Starter units consist of 4 shelves, 4 posts and 16 plastic split sleeves.

- Easy assembly – Quick assembly without the use of tools
- Easy to adjust - Shelf heights are adjustable in 1" increments
- Finish – 5 different finishes; Stainless Steel, Chrome, Zinc, Powder coated, and E-Poxy
- Load capacity for shelving units – 2,000 lbs.
- Load capacity – 800 lbs. per shelf 18" to 48" length. 600 lbs. per shelf 48" to 72" length
- Open wire - Open wire construction promotes higher visibility and allows for air circulation to reduce moisture and dust build up
- Loading - Shelves can be loaded and unloaded from all sides
- Customize - Additional shelves and add-ons are available
- Levelers - Adjustable levelers included. Leveling feet help compensate for uneven or irregular floor surfaces.

Starter Units

Plastic split sleeve

- Easy to Use
- Easy to Adjust
- Snap together and slide shelf over clip for secure locking.
